

Ref: QRGF001

PRODUCT:	Viper NVR Wizard
ITEM CODE:	Various

### **Introduction**

This Guide has been created to aid in the Initial configuration of a brand-new viper system.

#### Requirements

Router – For internet connection NVR – To be connected and configured for use Monitor for initial setup.

#### **Network Design**

#### **Initial Device Set-Up**

- 1. Plug in your NVR to your Monitor
- 2. Plug your NVR into your router with a network cable (Direct connection recommended)
- 3. Plug in the power for the NVR.
- 4. On power the unit will show the splash screen for 10-30 seconds it should then show the first setup screen. If it does not click and hold the right mouse button until your unit beeps this will force a screen resolution change.
- 5. Setup your language and location, we are using English for the language and the United Kingdom for the locality

Language		Locality	
English	^	The United Kingdom	^
繁体中文		The United States (Alaska)	
Hrvatski		The United States (East)	
češlina		The United States (Hawaii)

I. How we use cookies and similar technologies
I have read and agree

7. Time and Date configuration – It is recommended to use **NTP** and **DST** on the system to ensure correct time on both the recorder and the cameras.

For prosecution most forces require the time and date to be within a 10 miinute +/- of the real time

10.Hard Drive – You will need to format your Hard click the Format button, this will wipe the hard drive of any recordings and prepare it for use with the recorder.

11.As the format is going to wipe the hard drive it will ask for confirmation. Click Confirm Format and click OK

12. The system will now offer the Wizard setup, as we do not want this to load each time untick the enable wizard next time and then click onto the Wizard setup button

13.IP address setup – This system will use DHCP also known as obtaining an IP address automatically, this uses the router to configure the network settings of the recorder. This setup is used in most installs except in managed networks (normally seen in commercial properties)
