Approved By:	Date: 12/03/2024	

3. Using left mouse button, draw the area on the camera image.

4. Once the area is drawn, you can schedule the rule, set a duration and add up to 3 more intrusion rules on the same camera.

Schedule	24x7			~	Manage
Rule					
Regional Activities	Appear			~	
Direction					
Duration	20 Secs			~	
Area	1	2	3	4	

5. Under detection target, you can specify what the line crossing is looking for.
